# Why choose Short Term Medical?

## Because life is unpredictable.

Our Short Term Medical insurance gives you a plan to face those unpredictable moments in life with confidence. It provides the financial protection you need from unexpected medical bills and other health care expenses, including:

- Doctor visits and some preventive care
- Emergency room and ambulance coverage
- Urgent care benefits, and more

Any amount of time without health insurance is too long. Our Short Term Medical insurance includes flexible plan designs and options to help you find the plan that fits your needs, budget, and in this case, your time frame.

- Coverage terms available from 1 to 11 months. The coverage terms available vary by state
- Choose from a variety of deductible and coinsurance options designed to help you find the plan that fits your budget
- Find the right doctor through the large, national Aetna Open Choice PPO Network
- Get coverage as soon as the next day

\$250,000 to \$1,000,000 in health care coverage benefits available per coverage term

### **THIS PLAN PROVIDES LIMITED BENEFITS.**

Short Term Medical plans offer affordable medical coverage but are medically underwritten. They do not provide Minimum Essential Coverage as mandated by the Affordable Care Act.

# Is Short Term Medical right for you?

Short Term Medical insurance isn't for everyone. Find out what it covers and what it doesn't.

Short Term Medical insurance, as its name implies, isn't meant to be a long-term solution. While it covers some medical expenses, it doesn't cover everything. Make sure you take a look at what you need your health insurance to do for you and compare it to the benefits provided through Short Term Medical.

The examples provided are from larger lists of covered and non-covered services. For the complete listing of non-covered services, please refer to the Limitations and Exclusions pages in the back of this brochure.

**COVERED**

• Doctor visits, urgent care, ambulance service and emergency room care

• Diagnostic testing, mammograms, radiation therapy and Chemotherapy

• Surgery, inpatient and outpatient hospital benefits, and hospital confinement benefits

• Physical therapy, skilled nursing facility benefits and home health care

• Transplant benefits and more

**NOT COVERED**

• Prescription medications, eyeglass prescriptions and vision therapy

• Normal pregnancy, or diagnosis and treatment of infertility

• Any medical expenses resulting from pre-existing conditions<sup>3</sup>

<sup>3</sup> Please refer to page 10 for a full definition of a pre-existing condition

# What about out-of-pocket costs?

We have smart solutions for those, too.

Short Term Medical coverage helps you get the temporary health care coverage you need, when you need it. But, like other insurance plans, there are always out-of-pocket costs. Out-of-pocket costs include expenses you are responsible for like deductibles and coinsurance.

Add one of our Supplemental Coverage plans to get the out-of-pocket protection you need from costs not covered by your Short Term Medical plan. They're affordable options that help you broaden your financial protection and keep more money in your pocket.

Ask your agent for more information.

COSTS ASSOCIATED  
WITH:**

Accidents

Critical Illnesses

Accidental death and  
dismemberment

# L.I.F.E. membership benefits

You have the option to add a membership with L.I.F.E. Association to your plan. L.I.F.E. Association is a non-profit, members-only organization which provides lifestyle-related benefits and discounts to its members.

Your L.I.F.E. Membership can get you convenient services and discounts on:

Automobiles

Member travel advantages

ID-theft program

Fitness programs

Telemedicine services — unlimited consults at no extra cost

WellCard savings: Discounts on prescriptions, vitamins and more

Lifestyle and wellness benefits and discounts are not insurance. Your agent and National General Accident & Health may receive financial compensation in connection with membership fees.

activities of daily life that do not require the skills of qualified technical or professional personnel, including but not limited to bathing, dressing, feeding, routine skin care, bladder care and administration of oral medications or eye drops, except as specifically covered.

- Expenses for surgery during the first 6 months after the Effective Date of Coverage for a Covered Person for a total or partial hysterectomy, unless it is Medically Necessary due to a diagnosis or carcinoma (subject to all other coverage provisions, including but not limited to, the Pre-Existing Conditions exclusion); tonsillectomy, adenoidectomy, repair of deviated nasal septum or any type of surgery involving the sinus, myringotomy, tympanotomy, herniorrhaphy, or cholecystectomies.

## Pre-existing condition exclusion

Charges resulting directly from a pre-existing condition are excluded from coverage. A pre-existing condition is defined as a condition:

- For which medical advice, diagnosis, care, or treatment (includes receiving services and supplies, consultations, diagnostic tests or prescription medicines) was recommended or received within the 12 months immediately preceding the Effective Date; or
- That had manifested itself in such a manner that would have caused an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment (includes receiving services and supplies, consultations, diagnostic tests or prescription medicines) within the 12 months immediately preceding such person's Effective Date.

This exclusion does not apply to a newborn or newly adopted child who is added in accordance with the coverage eligibility and effective date sections within the certificate of coverage.

This exclusion also does not apply to routine follow-up care for breast cancer to determine whether a breast cancer has recurred in a covered person who has been previously diagnosed with breast cancer, unless evidence of breast cancer is found during or as a result of follow-up care.

## Short Term Medical is nonrenewable

This Short Term Medical policy is nonrenewable, and plan termination is not considered a qualifying life event for purposes of enrolling in a major medical plan. Therefore, depending on the length of your coverage term, you may have a gap in insurance coverage until you can begin coverage with a new Short Term Medical or other health plan.

If you choose to purchase a new Short Term Medical plan, you must submit a new application. Any illness or condition that developed and was covered under your previous plan is considered a pre-existing condition and will not be covered by subsequent Short Term Medical plans. Reapplication may not be available in all states.

## Short Term Medical does not meet Minimum Essential Coverage as mandated by the Affordable Care Act

Short-term, limited duration plans are not subject to certain provisions of federal health care reform, including the provisions related to Essential Health Benefits, lifetime limits, preventive care, guaranteed renewability, and pre-existing conditions. The pre-existing condition exclusion for Short Term Medical plans will apply for all insureds, including those under the age of 19. Know your plan. Short Term Medical plans offer affordable medical coverage, but are medically underwritten (so you can be declined) and do not provide Minimum Essential Coverage.

What does this mean for the applicant? They may have to pay a tax penalty, depending on their income level and the cost of plans available. Examples of the claims Short Term Medical plans do not cover are for most preventive care, maternity, mental health and treatment related to medical conditions they had prior to the plan's effective date. Because these plans are not guaranteed renewable, the applicant may not be eligible for another short-term plan after the plan's termination date; and the pre-existing condition exclusion will apply to any conditions that arose during any prior short-term plans.
